

“Surgical Instruments and Medical Devices - How we can Reduce Costs and Improve Efficiency?”

Join the Manitoba Operating Room Nurses Association for a session, “Surgical Instruments and Medical Devices - How we can Reduce Costs and Improve Efficiency?” presented by Dr. Jay Toor. This event is hosted by Concordia Hospital OR.

- When:** Tuesday, January 9th, 2024 | 6:30 pm
- Where:** Online via Zoom, [click here to register](#)
- Presenter:** **Dr. Jay Toor MD, MBA, FRCSC**
Spine Surgeon

Dr. Jay Toor joined the Winnipeg Spine Program in 2023 after completing a fellowship in Complex Spine and Trauma Surgery at the University of Toronto. He completed his BHSc at McMaster University followed by his MD at the University of Ottawa. During his residency in Orthopedic Surgery at the University of Toronto, he completed the Surgeon Scientist Program and a Master of Business Administration at the Rotman School of Management. He has a special interest in improving efficiency in health systems as well as artificial intelligence in healthcare. He founded a company that successfully overhauled surgical inventory at a number of Toronto hospitals and has published over 30 papers on this subject. He is excited to move to the city of Winnipeg where he will be practicing Spine Surgery as well as contributing to improve Manitoba’s healthcare system. He is looking forward to share with the MORNA group what can be accomplished by grass-roots level efforts toward improving our OR environment.
