**Presenter:** Dr. Hayley Forbes

Minimally Invasive and Bariatric Surgery fellow, University of Manitoba

I started my fellowship in minimally invasive/Bariatric surgery here in Winnipeg August 2023. Prior to this I completed my medical school at the Memorial University of Newfoundland in 2018 and my General Surgery Residency at the University of Alberta in June 2023. I gained my interest in bariatrics and minimally invasive surgery throughout my training and mentorship in Edmonton and am delighted to be continuing my education in this field. Outside of work I enjoy spending time with friends and family, hiking and cooking.
